Information for Families

*Breastfeeding Support
Line 1.408.885.5950*

The First Food for Babies... Mothers' Milk

- **Healthier infants:** reduces allergies, colds, ear infections, diarrhea, and asthma
- Stimulates baby's **immune system**
- **Easy to digest,** never constipated
- **Smarter babies:** higher intelligence scores demonstrated in premature babies
- **Over 100 substances** in human milk that are not in formula
- Lower risk of **obesity** for baby AND mom
- **Convenient, environmentally friendly:** always ready, no bottles to warm-up or wash
- **Bonding:** secure babies become more independent children
- Less risk of **ovarian and breast cancer** for mom, and of **diabetes** for baby **AND mom**

Breastfeeding may not be the first choice for every parent, but it is the right choice for the babies!

WIC's Breastfeeding Services

- **Breastfeeding Education:** Prenatal and postpartum classes
- **Breastfeeding Support:** Individual counseling from birth to 1 year and beyond!
- **Longer WIC Benefit:** Breastfeeding mothers are eligible to participate in WIC longer than non-breastfeeding mothers
- **Extra Nutrition Support:** Mothers who exclusively breastfeed their infants receive an enhanced food package
- **Phone Support:** Breastfeeding help line
- **Lactation supplies:** as needed

Some WIC programs offer additional services:

- Board Certified Lactation Consultants (IBCLC) for complex breastfeeding problems
- Peer Counselors for individual case management from pregnancy to 6 months post-partum through phone & office consults
- Mothers' support groups

WIC Offices in Santa Clara County provide services in **English, Spanish, Mandarin, Cantonese & Vietnamese**
