

MPOX

WHAT TO KNOW

STOP THE SPREAD. STOP THE STIGMA. KNOW YOUR RISK.

HIGHEST RISK

- Direct contact with an infectious rash, scabs, or body fluids
- Sexual or intimate body contact (skin on skin)

SOME RISK

- Kissing
- Cuddling
- Dancing at a crowded party with skin exposed
- Sharing towels, bedding, or clothing with an infected person

UNLIKELY

- Coworker-to-coworker transmission
- Trying on clothing at a store
- Touching a doorknob
- Traveling in an airport or on a plane
- In a swimming pool, hot tub, or body of water
- In public restrooms or on public transit
- At a grocery store, coffee shop, or a gym (from touching equipment)
