

PUBLIC HEALTH ADVISORY

FAKE PILLS KILL!

Fake pills that contain deadly fentanyl have killed people in our community.

- **DO NOT** take a pill that you did not get directly from a pharmacy.
- **DO NOT** take a pill that a friend gives you.
- **DO NOT** buy pills from others.

Fake pills look like real pills but can be deadly, even when taken for the first time.

Call 911 immediately if you think someone has overdosed.
